

Optimize Your **HOT + COLD** Meal Delivery

OPTIMUS carts solve the #1 problem with
Healthcare meal delivery...

**MAINTAINING APPROPRIATE FOOD
TEMPERATURES,**

while optimizing for the next two critical needs...

MANEUVERABILITY and SIMPLICITY

OPTIMAL TEMPS

- Patient satisfaction with food will improve by reducing food temperature complaints
 - Low density foods like eggs will be kept warm
 - Food meant to be cold like salad and fruit cups will remain crisp
- Able to serve proper temperatures in all circumstances
 - Serving late trays
 - Covering long distances
 - Serving large numbers of meals
 - Staff needs to tray meals well in advance and hold

MANEUVERABILITY

- Compact design for up to 24 meal capacity
 - 46" wide; 31.5" deep; 56" tall
 - Less than 430lbs
- Can see over the top of it while pushing down the hall
- 6 caster configuration turns on its own axis
- Premium casters push with extreme ease
- Can access trays from either side - pass through cart

SIMPLICITY

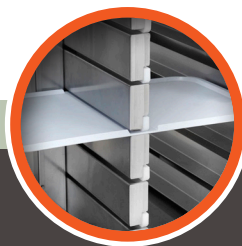

- One tray - one side hot and one side cold
- Plugs into any 120V 15amp outlet
- Removable racks and center wall for easy cleaning
- Hotel style dinnerware for ideal meal presentation - no heated bases or insulated dinnerware needed
- Touchpad controls with preset temps and times

It's time to LEVEL UP!

Jones Zylon is proud to present THE NEXT LEVEL of meal delivery cart. Ultimate performance and versatility has been designed into every aspect of our new HEALTHCARE cart.

Why our new cart is NEXT LEVEL:

- ✓ Made in USA!
- ✓ Quiet operation, no noisy fans
- ✓ Small, light and versatile
- ✓ UL safety and NSF sanitation certified
- ✓ Unique design to better minimize temperature bleed over from side to side
- ✓ Full refrigeration strength to keep cold food maximally cold
- ✓ Industry-premium casters - easiest to move
- ✓ Easy to clean and sanitize due to construction, material and design
- ✓ Rapid heat recovery after opening doors
- ✓ Variable options for spacing - 20 meal cart or a 24 meal cart
- ✓ Heavy duty construction and stainless steel material for extreme durability
- ✓ Antimicrobial technology on door pulls
- ✓ Free trays with cart purchase
- ✓ Highly advanced touch screen to simplify functionality
- ✓ Fast cart tempering on start up
- ✓ Opens on 2 sides
- ✓ Magnetic door closure, not a latching mechanism to make noise and break

MADE IN THE USA • QUIET • DURABLE • FREE TRAYS INCLUDED
UL AND NSF CERTIFIED • CUSTOMIZABLE OPTIONS
